

How to create a developer Org for Salesforce

Step: 01

Welcome to MyGuide

In this guide we will learn how to create a Developer Org for Salesforce

The screenshot shows the Salesforce Developers website. The top navigation bar includes 'PRODUCTS', 'RESOURCES', 'COMMUNITY', 'BLOG', and 'TRAILHEAD'. A search bar and 'Login'/'Sign Up' buttons are also present. The main banner features a cartoon illustration of a bear and a dog at a picnic table, with the text 'Global Gatherings' and 'Experience the best of TrailheaDX with a Community Group near you.' A 'Welcome to MyGuide' overlay is positioned in the center, containing the text: 'In this guide we will learn how to create a Developer Org for Salesforce'. To the right of the overlay is a 'Global Gatherings' menu with options: 'Video Gallery', 'The MOAR You Know', and 'Learn with Trailhead'. Below the banner, the page is divided into sections: 'Be a Trailblazer - Build apps of the future.' with a paragraph about the Salesforce Platform, and two columns of links: 'Community' (Upcoming Events, Ask Questions, Join Your Local Dev Group) and 'Resources & Tools' (Get Free Tutorials, Salesforce for VS Code, Latest Blog Posts).

Step: 02

Click on "Sign Up"

The screenshot shows the Salesforce Trailhead website. The navigation bar includes 'PRODUCTS', 'RESOURCES', 'COMMUNITY', 'BLOG', and 'TRAILHEAD'. A search bar and 'Login' button are on the right, with a 'Sign Up' button highlighted in green. A callout box points to the 'Sign Up' button with the text 'Click on "Sign Up"'. Below the navigation bar is a hero section titled 'Global Gatherings' with a 'Register Now >' button. The main content area is divided into 'Be a Trailblazer - Build apps of the future.' and two columns: 'Community' and 'Resources & Tools'.

Be a **Trailblazer** - Build apps of the future.

The Salesforce Platform is the best way to create and scale trusted apps that customers want to use every day. Build powerful applications fast with Lightning Components, smarter with Einstein, and together with Salesforce DX. Learn more about the Salesforce platform.

Step: 03

Enter First name

The image shows a composite view of the Salesforce Lightning Platform Developer Edition registration process. On the left, a dark blue banner features the text "Explore Lightning Platform, the fastest way to create enterprise cloud apps" above a computer monitor displaying a dashboard with charts and maps. Below the monitor, a list of features is provided: "Build apps Lightning fast with drag and drop tools", "Customize your data model with clicks", "Go further with Apex code", "Integrate with anything using powerful APIs", "Stay protected with enterprise-grade security", and "Customize UI with clicks or any leading-edge web framework". On the right, the registration form is displayed, titled "Get your very own Developer Edition" with the subtitle "A full-featured copy of Lightning Platform, for FREE.". The form includes fields for Name (split into First and Last), Email, Role, Company, Country, Postal Code, and Username. A white callout box with a location pin icon and the text "Enter First name" is positioned over the "First" name input field.

Step: 04

Enter Last name

The image shows a composite view. On the left, a dark blue background features the text "Explore Lightning Platform, the fastest way to create enterprise cloud apps" above a computer monitor displaying a dashboard with charts and maps. Below the monitor, a list of features is provided: "Build apps Lightning fast with drag and drop tools", "Customize your data model with clicks", "Go further with Apex code", "Integrate with anything using powerful APIs", "Stay protected with enterprise-grade security", and "Customize UI with clicks or any leading-edge web framework". On the right, a screenshot of the Salesforce Lightning Platform registration form is shown. The form includes fields for Name (First and Last), Email, Role, Company, Country, Postal Code, and Username. A tooltip with the text "Enter Last name" and a location pin icon is positioned over the Last name input field.

Step: 05

Enter "Your email address"

Step: 07

Enter your "Company Name"

The image shows a composite view of the Salesforce Lightning Platform Developer Edition registration process. On the left, a dark blue banner features the text "Explore Lightning Platform, the fastest way to create enterprise cloud apps" above a computer monitor displaying a dashboard with charts and maps. Below the monitor, a list of features is provided: "Build apps Lightning fast with drag and drop tools", "Customize your data model with clicks", "Go further with Apex code", "Integrate with anything using powerful APIs", "Stay protected with enterprise-grade security", and "Customize UI with clicks or any leading-edge web framework". On the right, a light gray registration form is shown with the Salesforce logo and the heading "Get your very own Developer Edition". The form includes fields for Name (First and Last), Email, Role, Company (with a callout box containing the text "Enter your 'Company Name'"), Country, Postal Code, and Username. A small "[+]" button is visible on the right side of the form.

Step: 08

Select a "Country"

The image shows a composite view of the Salesforce Lightning Platform registration process. On the left, a dark blue promotional banner features the text "Explore Lightning Platform, the fastest way to create enterprise cloud apps" and a list of capabilities: "Build apps Lightning fast with drag and drop tools", "Customize your data model with clicks", "Go further with Apex code", "Integrate with anything using powerful APIs", "Stay protected with enterprise-grade security", and "Customize UI with clicks or any leading-edge web framework". A computer monitor displays a dashboard with various charts and maps. On the right, the registration form is shown, titled "Get your very own Developer Edition" with the subtext "A full-featured copy of Lightning Platform, for FREE." The form includes fields for Name (First and Last), Email, Role, Company Name, Country (a dropdown menu currently showing "United States"), Postal Code, and Username. A "Sign me up >" button is at the bottom. A white callout box with a location pin icon and the text "Select a 'Country'" points to the Country dropdown menu.

Step: 09

Enter "Postal Code"

Explore Lightning Platform, the fastest way to create enterprise cloud apps

Step: 10

Enter a unique username

The image shows a registration form for the Salesforce Lightning Platform. On the left, there is a promotional banner with the text "Explore Lightning Platform, the fastest way to create enterprise cloud apps" and a list of features: "Build apps Lightning fast with drag and drop tools", "Customize your data model with clicks", "Go further with Apex code", "Integrate with anything using powerful APIs", "Stay protected with enterprise-grade security", and "Customize UI with clicks or any leading-edge web framework".

The registration form on the right includes the following fields:

- Role: "Your job role" (dropdown menu)
- Company: "Company Name" (text input)
- Country: "United States" (dropdown menu)
- Postal Code: (text input)
- Username: "Ex: name@yourcompany.com" (text input)

A callout box with a location pin icon and the text "Enter a unique username" points to the Username field. Below the Username field, there is a checkbox for "By registering, you confirm you have read and agree to the Terms of Use and the Master Subscription Agreement and agree that my data is subject to the Privacy Statement, including use for marketing purposes." and a blue "Sign me up >" button.

At the bottom of the form, there is a link for "Already have a Salesforce Developer Environment? Log In".

Step: 11

Click on "Sign me up" and wait for your welcome email
