

Delay step playback (in seconds)

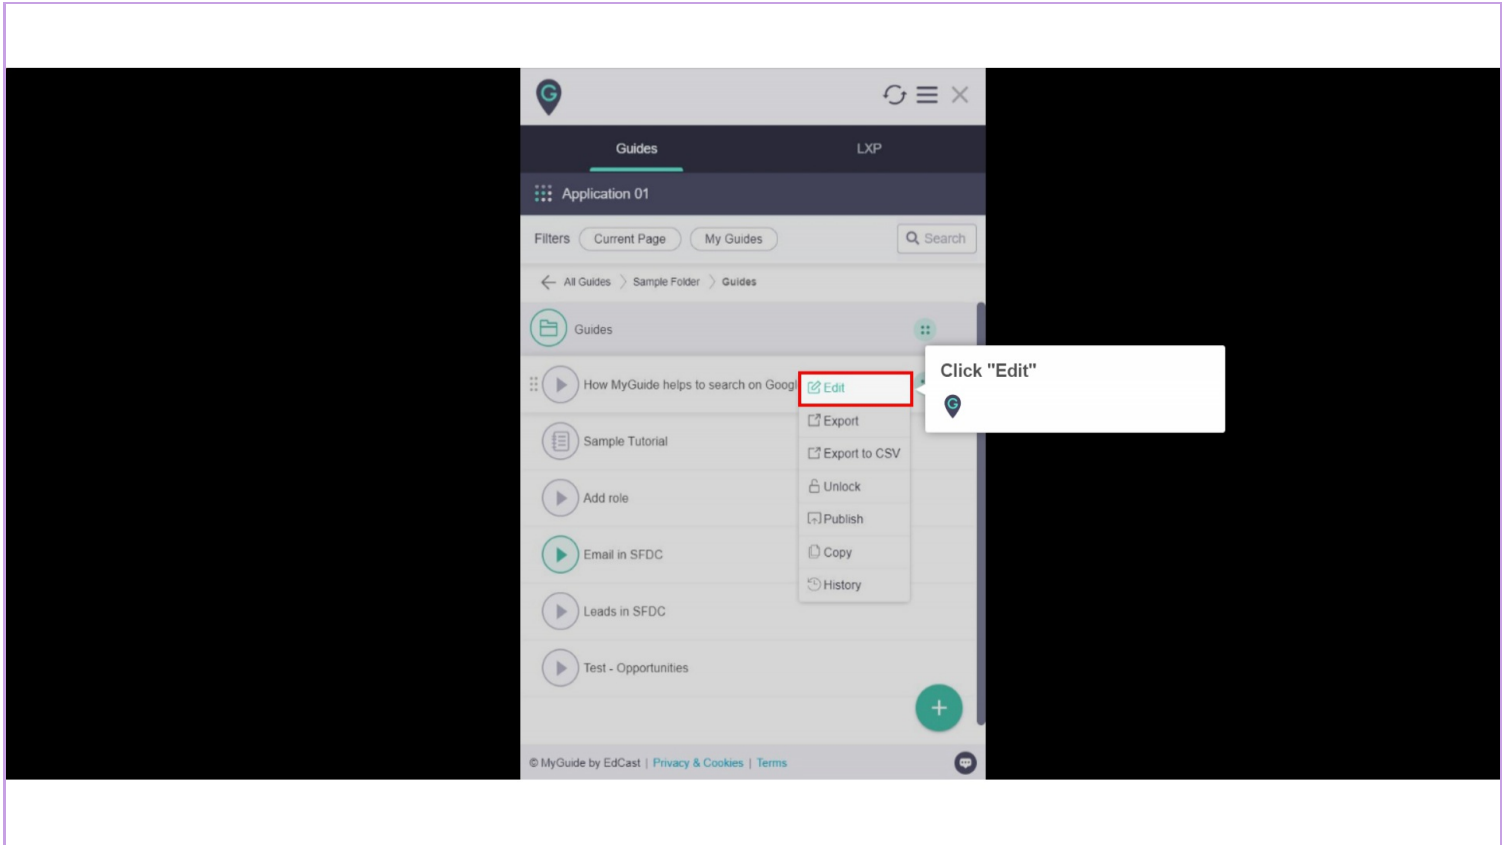

# Step: 01

Click the four dots of a guide

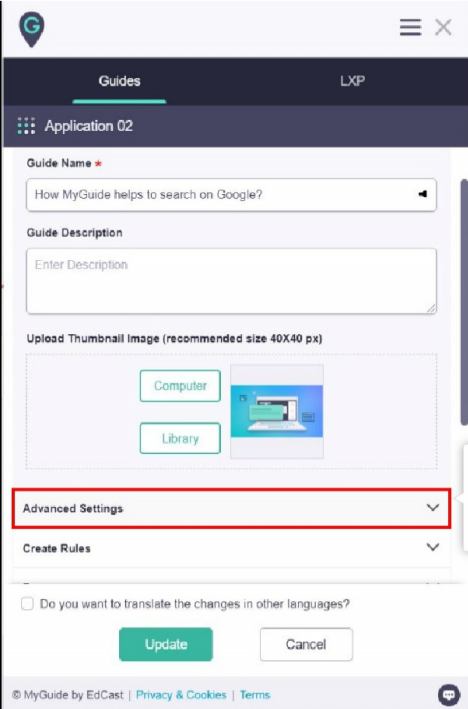

## Step: 02

Click "Edit"

## Step: 03

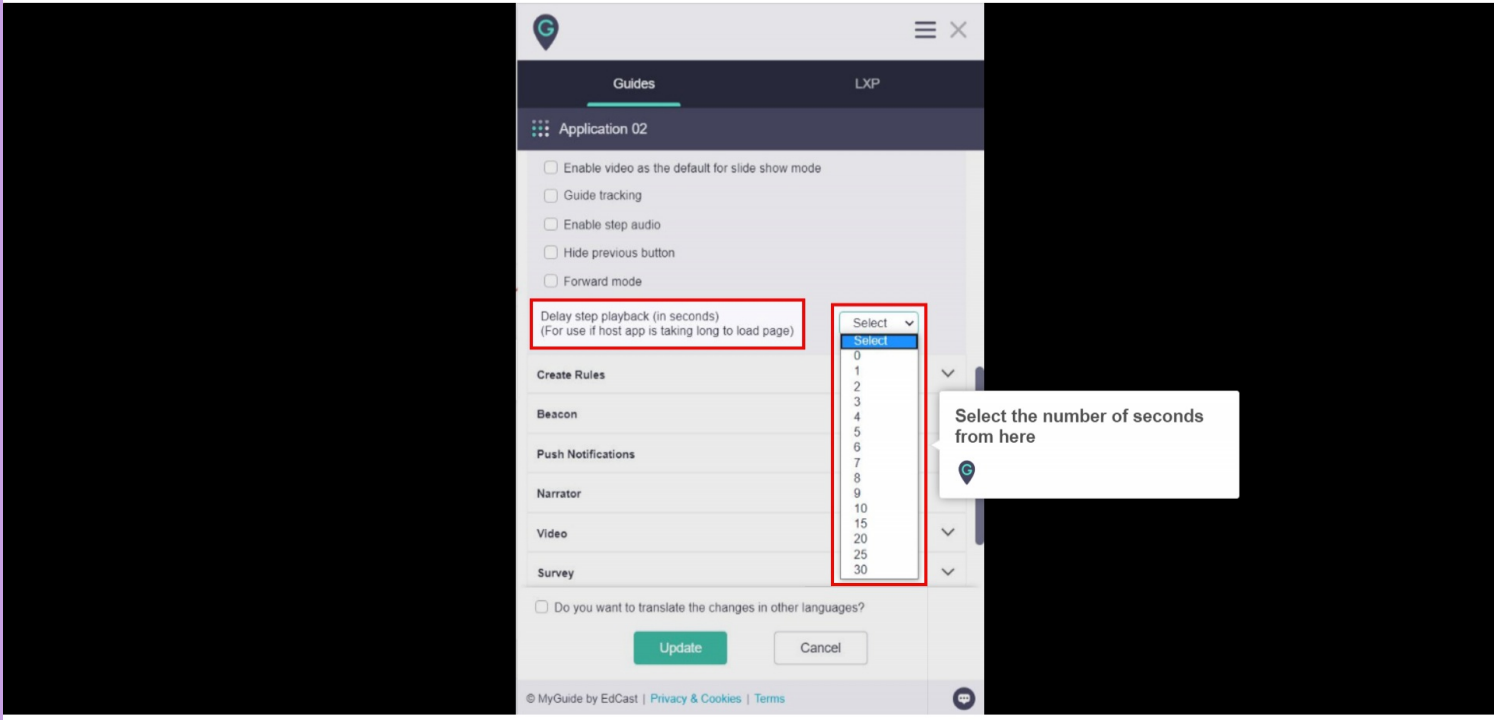

Click here to expand the "Advanced Settings" section

The screenshot shows the 'Guides' configuration page for 'Application 02'. The 'Advanced Settings' section is highlighted with a red box. A callout box points to the 'Advanced Settings' dropdown with the text 'Click here to expand the "Advanced Settings" section'. The interface includes fields for 'Guide Name', 'Guide Description', and 'Upload Thumbnail Image'. The 'Advanced Settings' section is currently collapsed.

## Step: 04

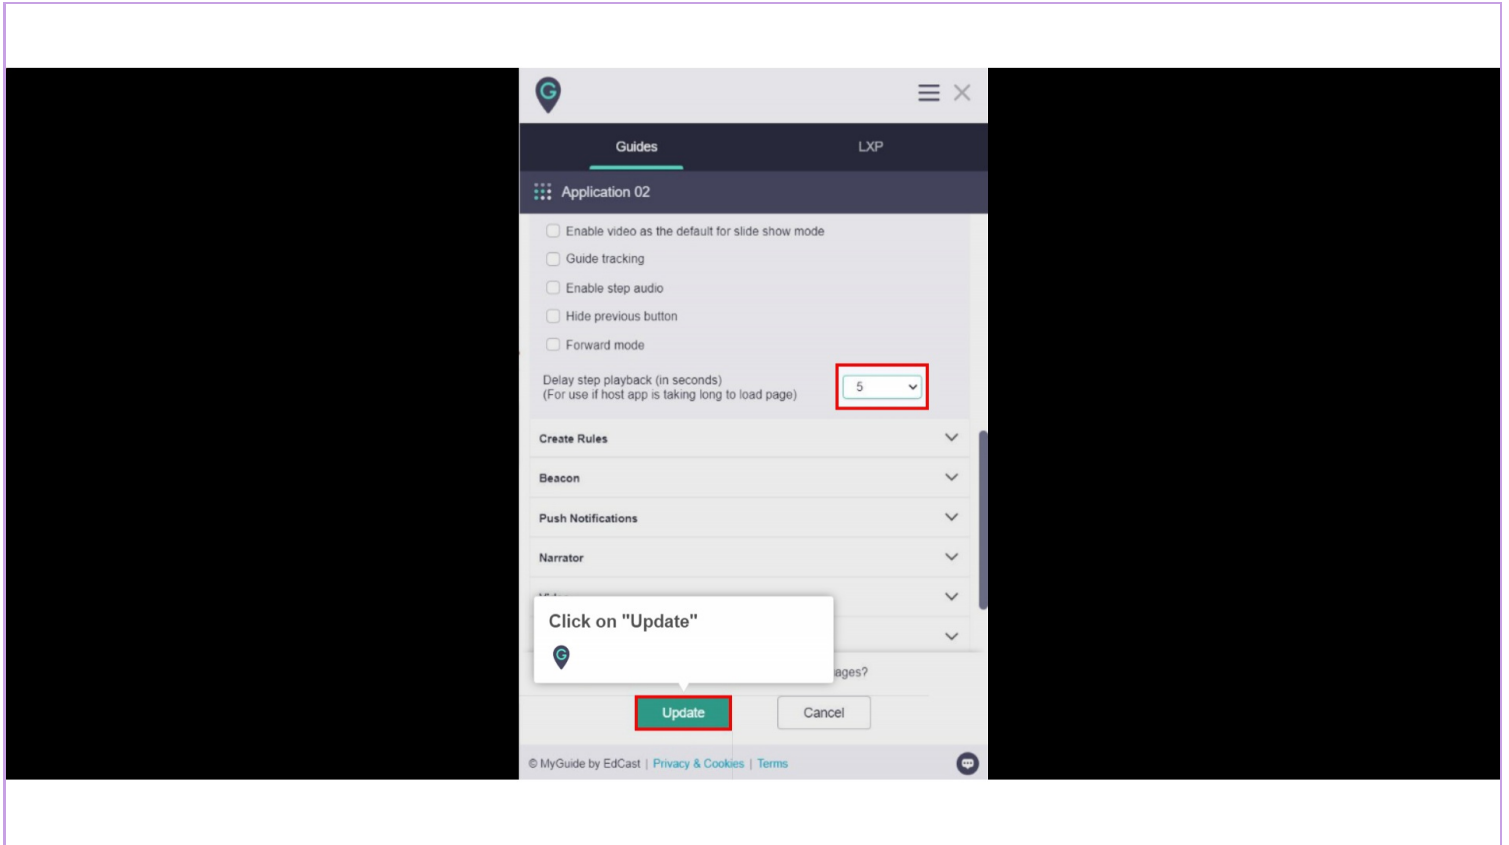

Select the number of seconds from here

The screenshot displays the 'Guides' settings for 'Application 02'. A red box highlights the 'Delay step playback (in seconds)' dropdown menu, which is open to show a list of values from 0 to 30. A callout box points to this menu with the text 'Select the number of seconds from here'. The interface includes various toggle options such as 'Enable video as the default for slide show mode', 'Guide tracking', 'Enable step audio', 'Hide previous button', and 'Forward mode'. At the bottom, there are 'Update' and 'Cancel' buttons, and a footer with '© MyGuide by EdCast | Privacy & Cookies | Terms'.

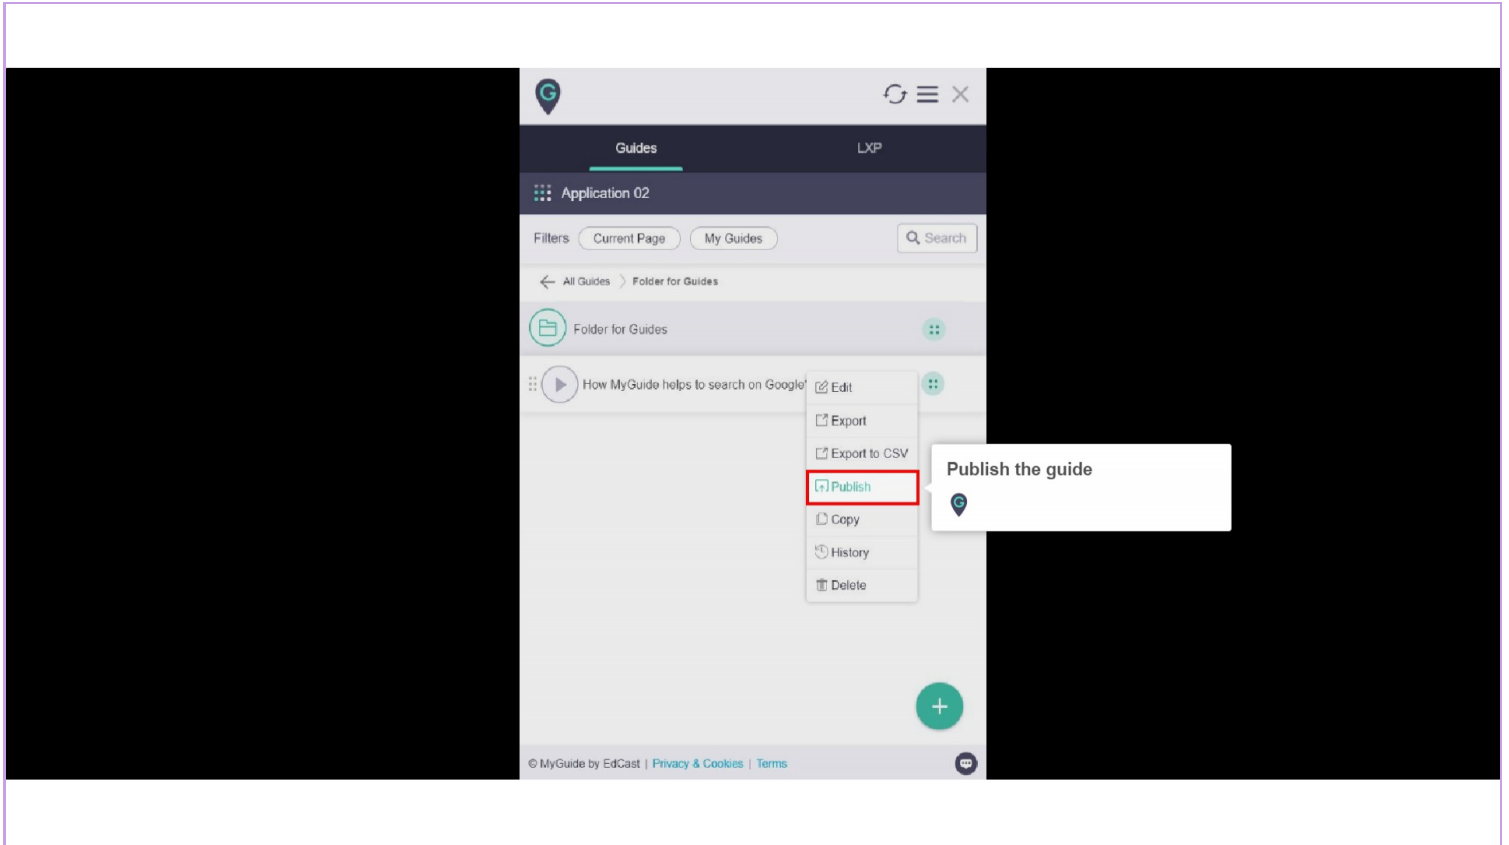

## Step: 05

Click on "Update"

## Step: 06
