

Image step settings

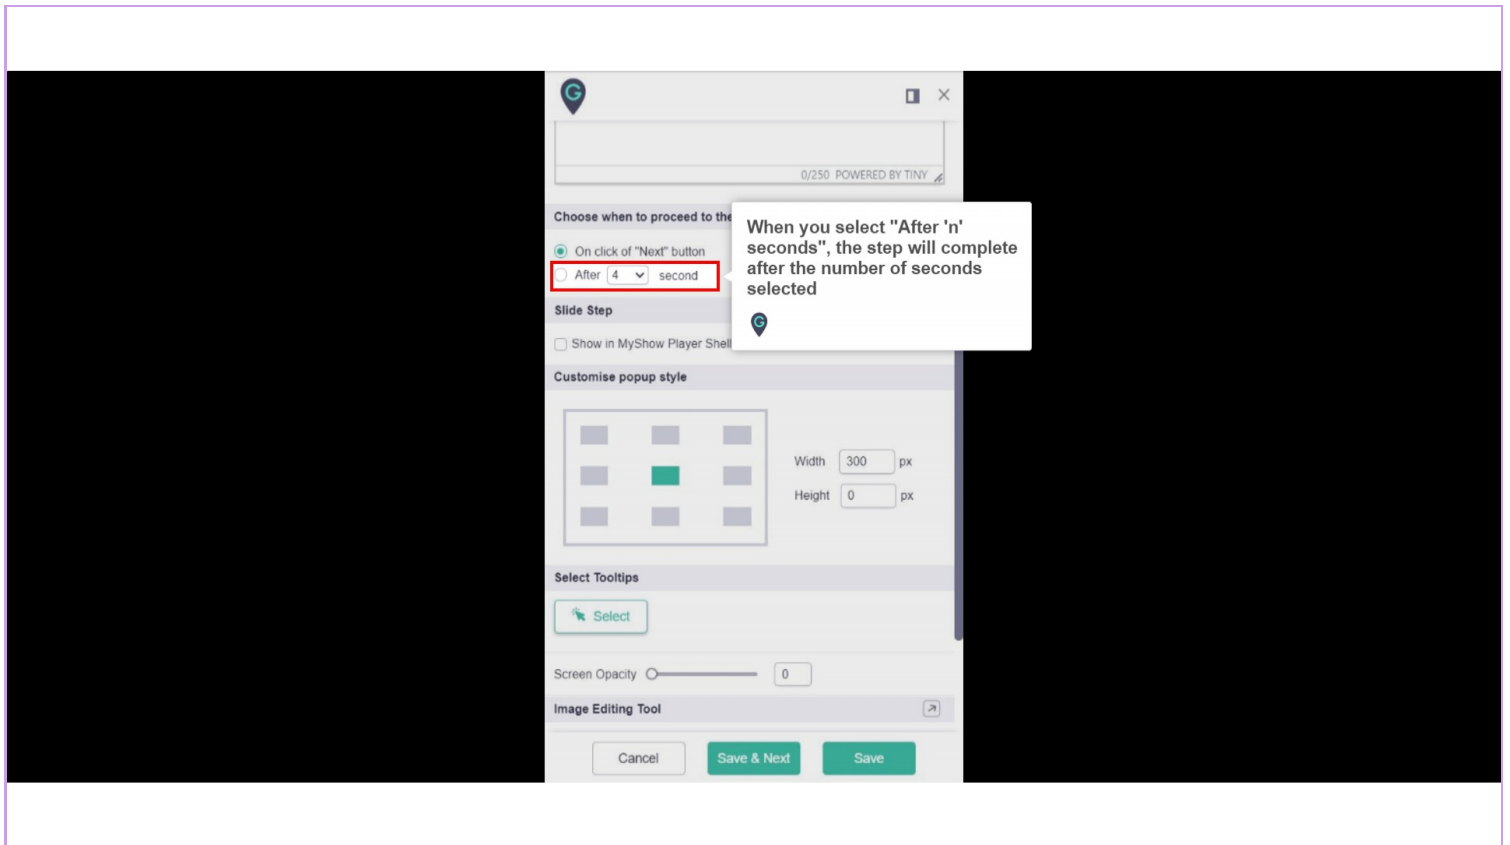

Step: 01

When you select 'On Click of Next Button', the next step advances on clicking on next button visible on the pop-up

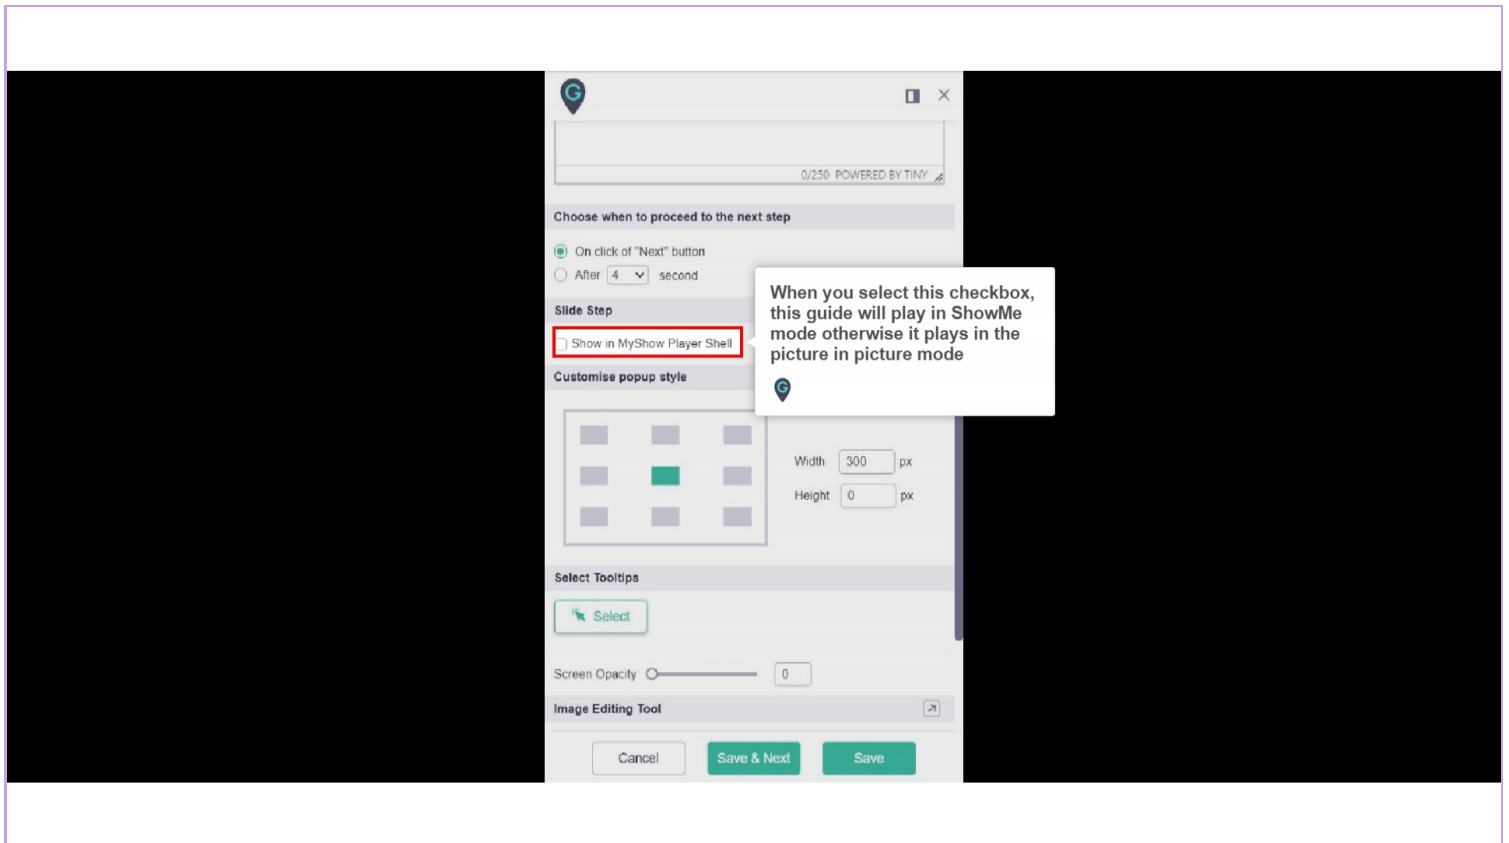

Step: 02

When you select "After 'n' seconds", the step will complete after the number of seconds selected

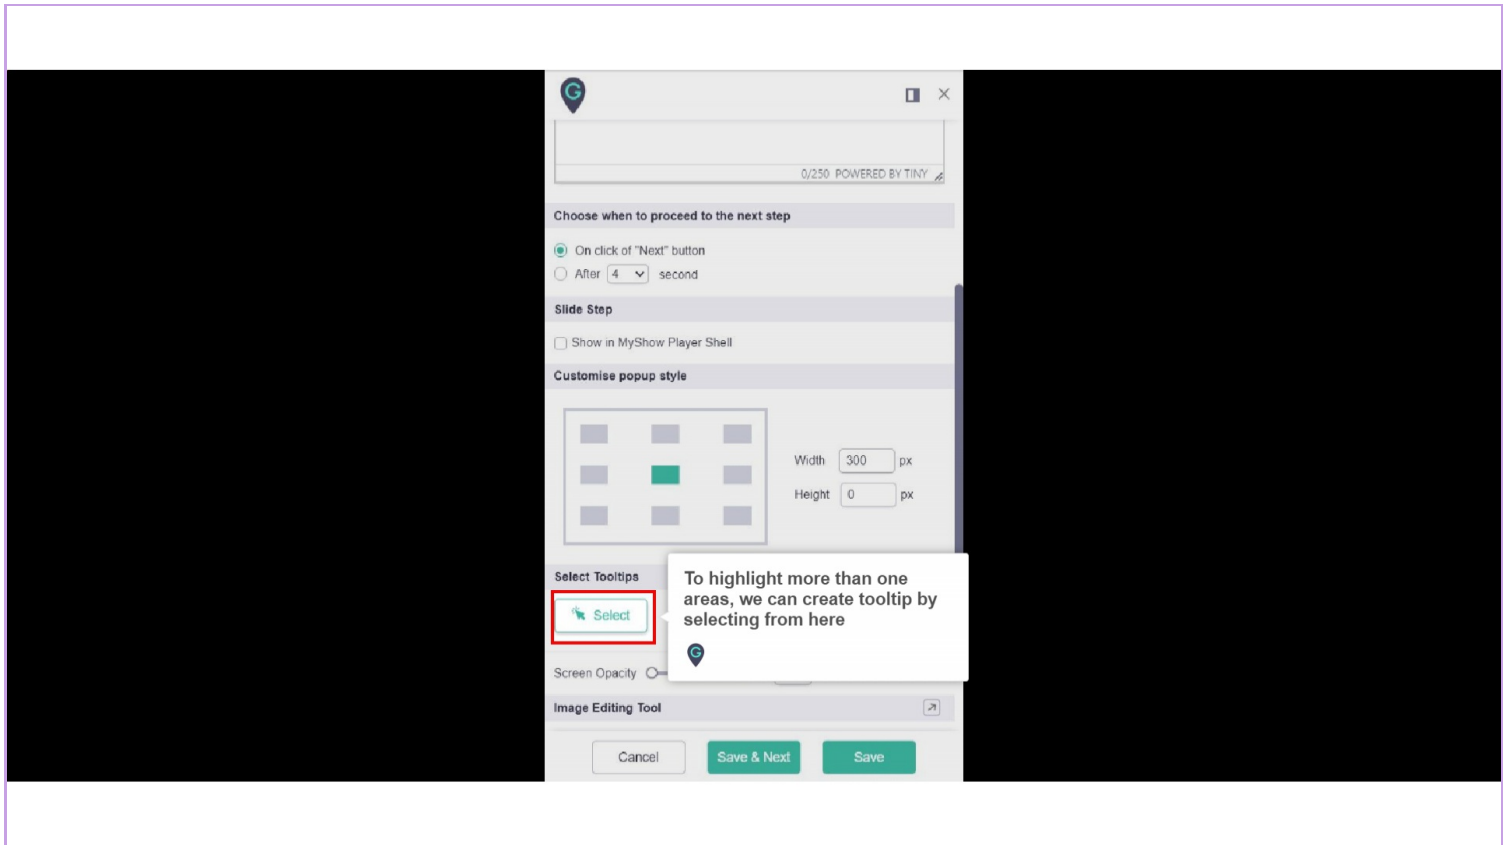

Step: 03

When you select this checkbox, this guide will play in ShowMe mode otherwise it plays in the picture in picture mode

Step: 04

To highlight more than one areas, we can create tooltip by selecting from here

Step: 05

You can create 8 tooltips from here and creating a main step is not mandatory to save the tooltip

You can provide a description from here, change the highlighter color, reselect the area. Also, you need to provide audio manually inside the main step if you want

The screenshot displays the myGuide interface. On the left, a slide titled "Total Revenue" is shown with a red-bordered box around the title. Below the title, a bullet point reads "• Total Revenue = Product X Quantity". A tooltip is visible on the slide with the text: "You can create 8 tooltips from here and creating a main step is not mandatory to save the tooltip".

On the right, the configuration panel for the tooltip is shown. It includes a "Reselect Area" section with a "Reselect Element" button. Below this, the "Outline" section shows "Fill Color" and "Line width" (set to 3). At the bottom of the panel, there are "Cancel", "Save & Next", and "Save" buttons. A URL is visible at the bottom of the slide: <https://www.iEdu.io/Economics/Total-Revenue-and-Elastic-Demand-Curve>.

Step: 06

Customise the position of tooltip from here and save it!

The screenshot displays a web page with the following content:

- Total Revenue** (highlighted with a red box)
- Save Me!** (button)
- Total Revenue = Product X Quantity

A tooltip is positioned over the page with the text: "Customise the position of tooltip from here and save it!".

The right-hand side of the image shows a customization panel with the following sections:

- Customise tooltip style**: A grid of colored squares (grey, teal, green) with a central square labeled "Element" highlighted by a red box.
- Reselect Area**: A button labeled "Reselect Element".
- Outline**: A dropdown menu for "Fill Color" and a numeric input for "Line width" set to 3.
- Screen Opacity**: A slider set to 100.
- Buttons: "Cancel", "Save & Next", and "Save" (highlighted with a red box).

At the bottom of the page, a purple bar contains the URL: <https://www.iEdu.io/Economics/Total-Revenue-and-Elastic-Demand-Curve>

Thank You!
