

TeachMe

Step: 01

It is an in-app Virtual Lab which gives the user a feel of playing steps on the actual platform just like simulation. We can play the steps and also experience the real-time functionality of any step

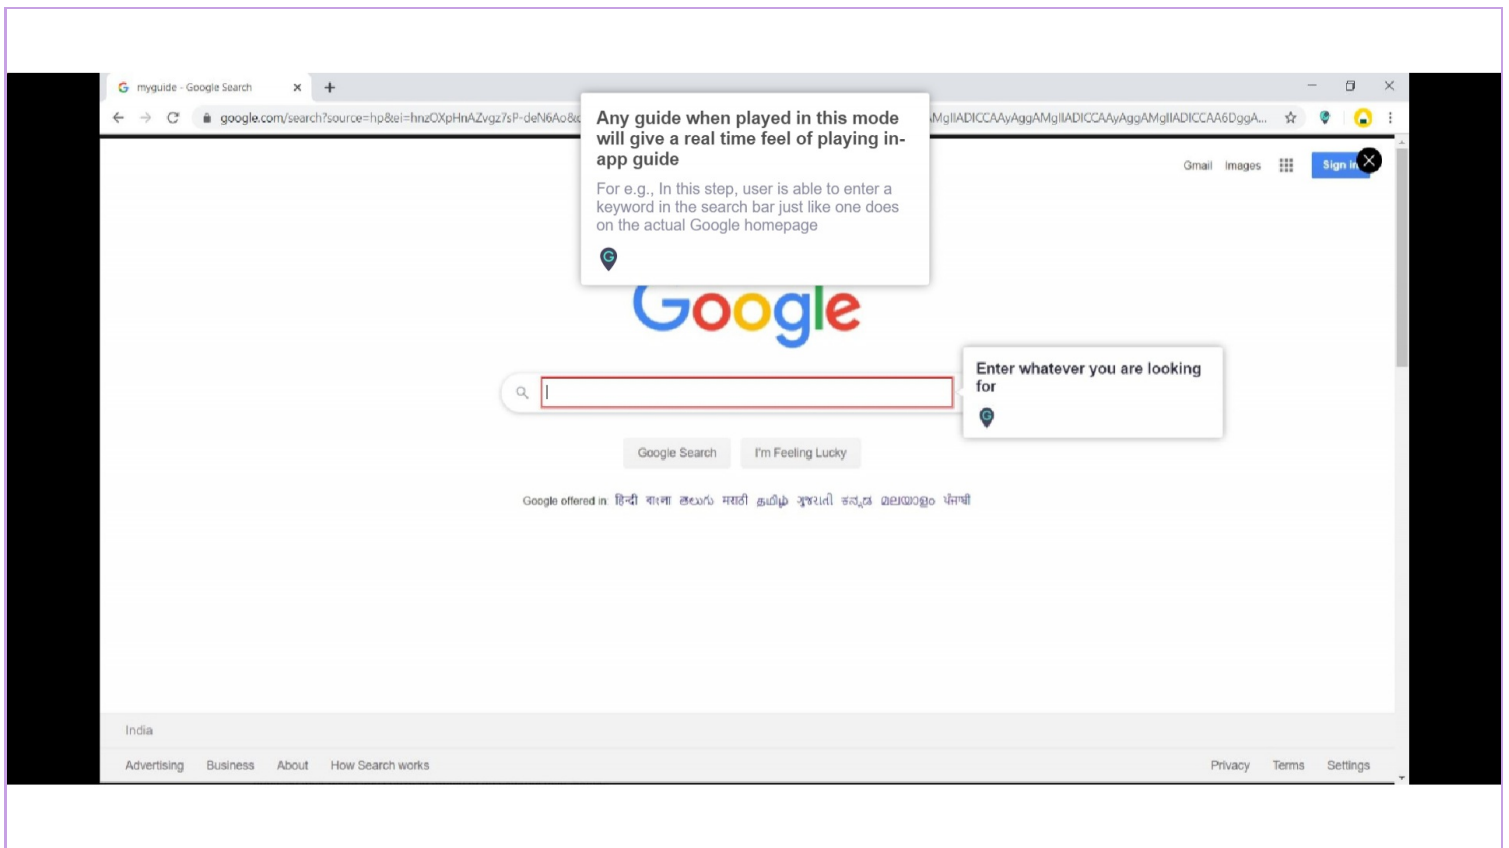

Click on "TeachMe"

Step: 02

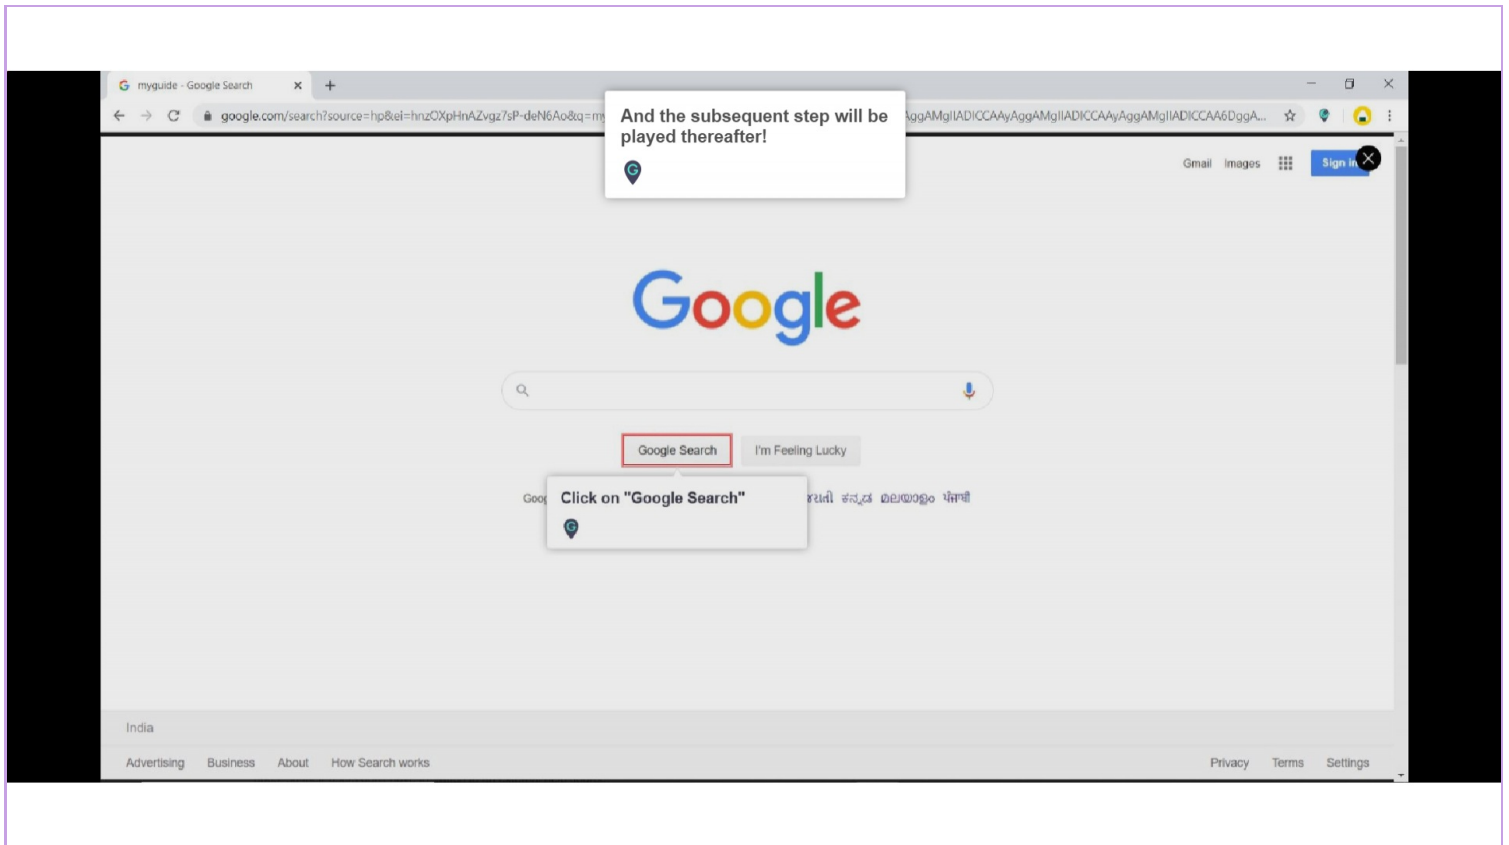

Any guide when played in this mode will give a real time feel of playing in-app guide

For e.g., In this step, user is able to enter a keyword in the search bar just like one does on the actual Google homepage

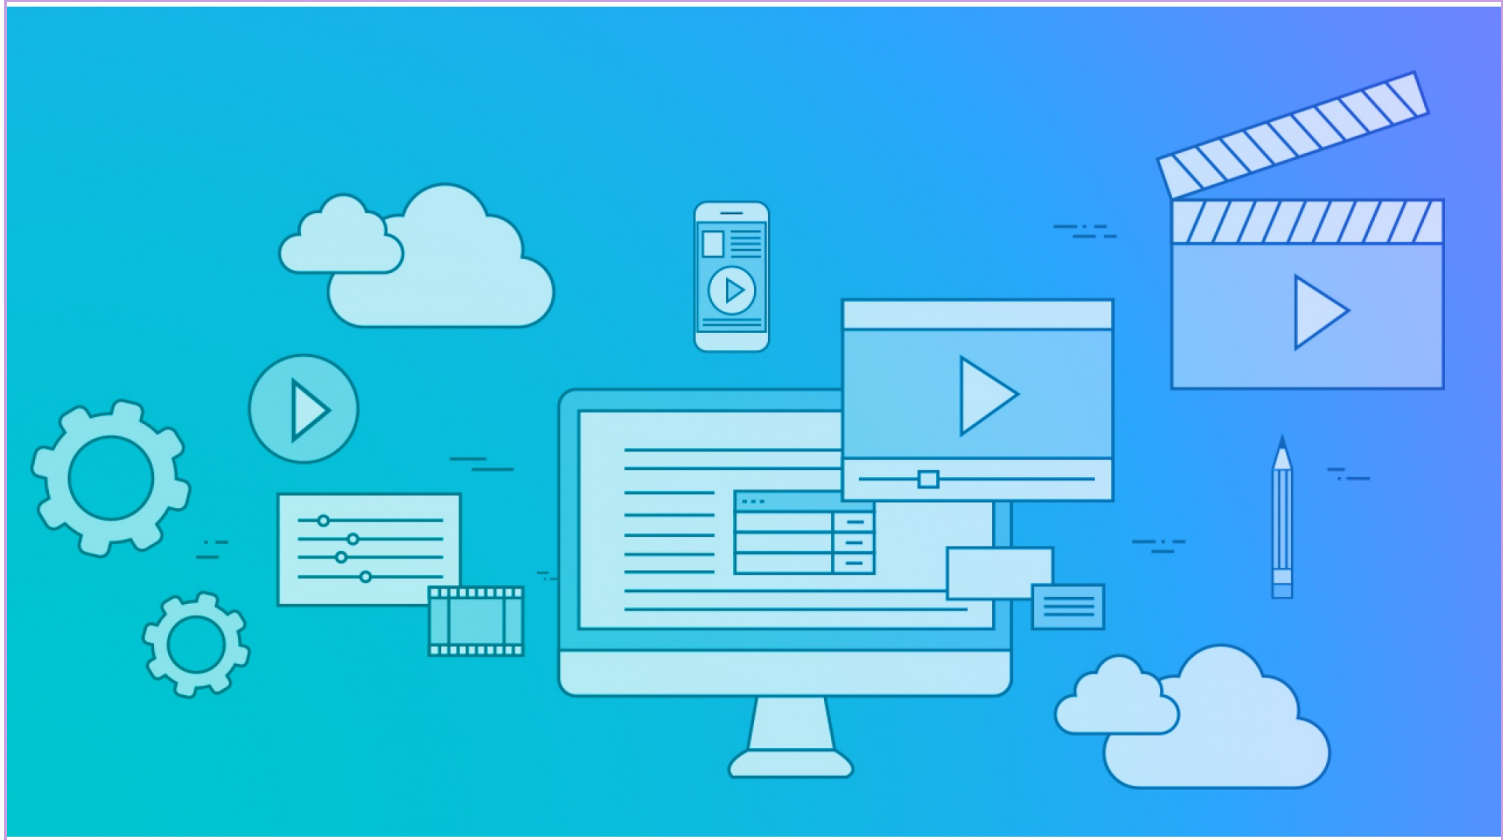

Step: 03

And the subsequent step will be played thereafter!

Step: 04

How does TeachMe mode work

Thank You!
