

How to Add Apps for your workspace in Okta

Step: 01

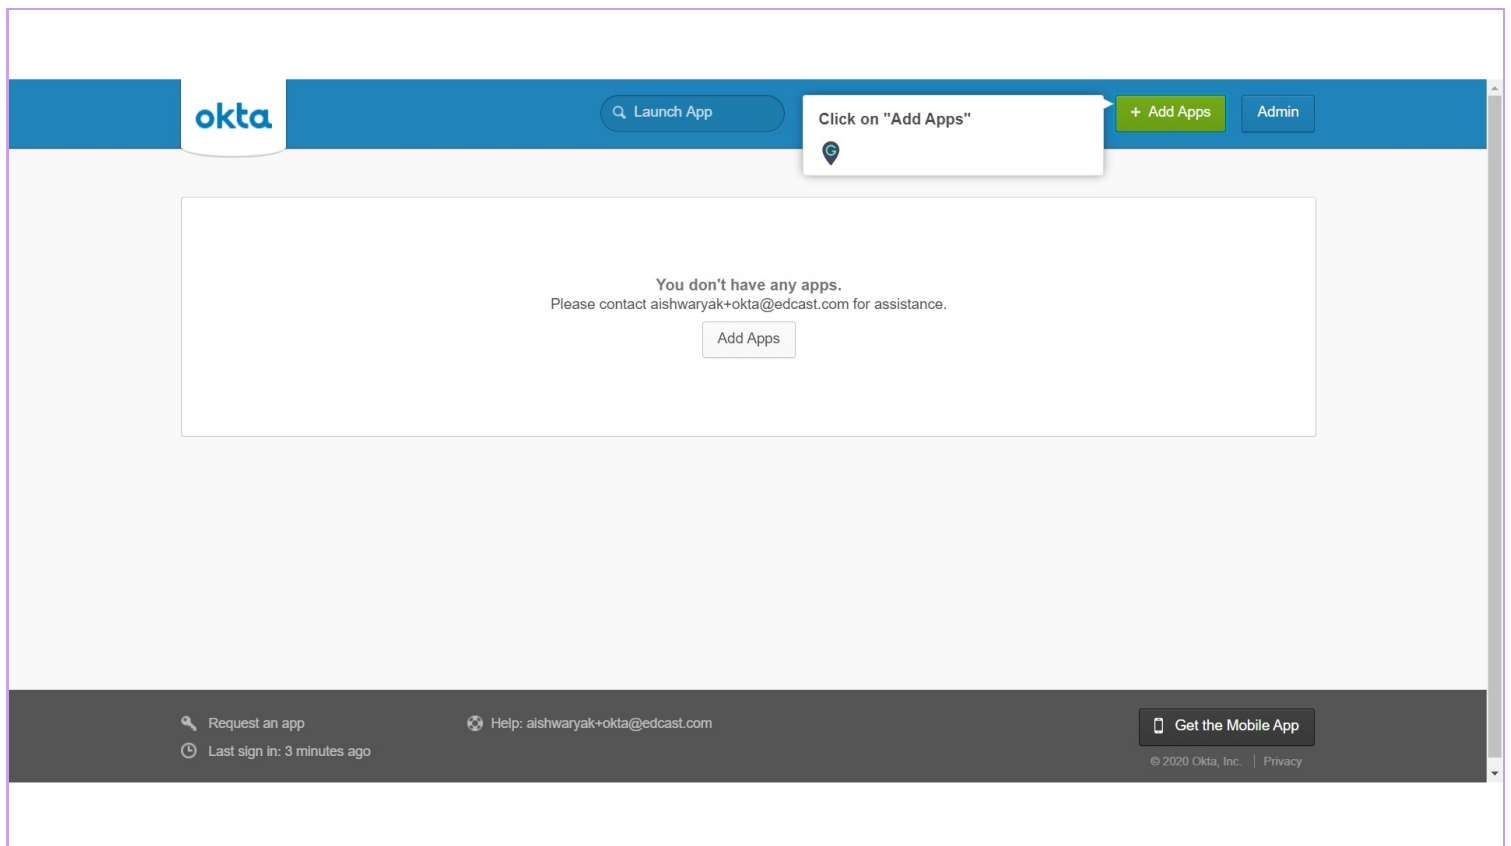

Welcome!

In this Guide we will learn how to Add Apps for your workspace in Okta

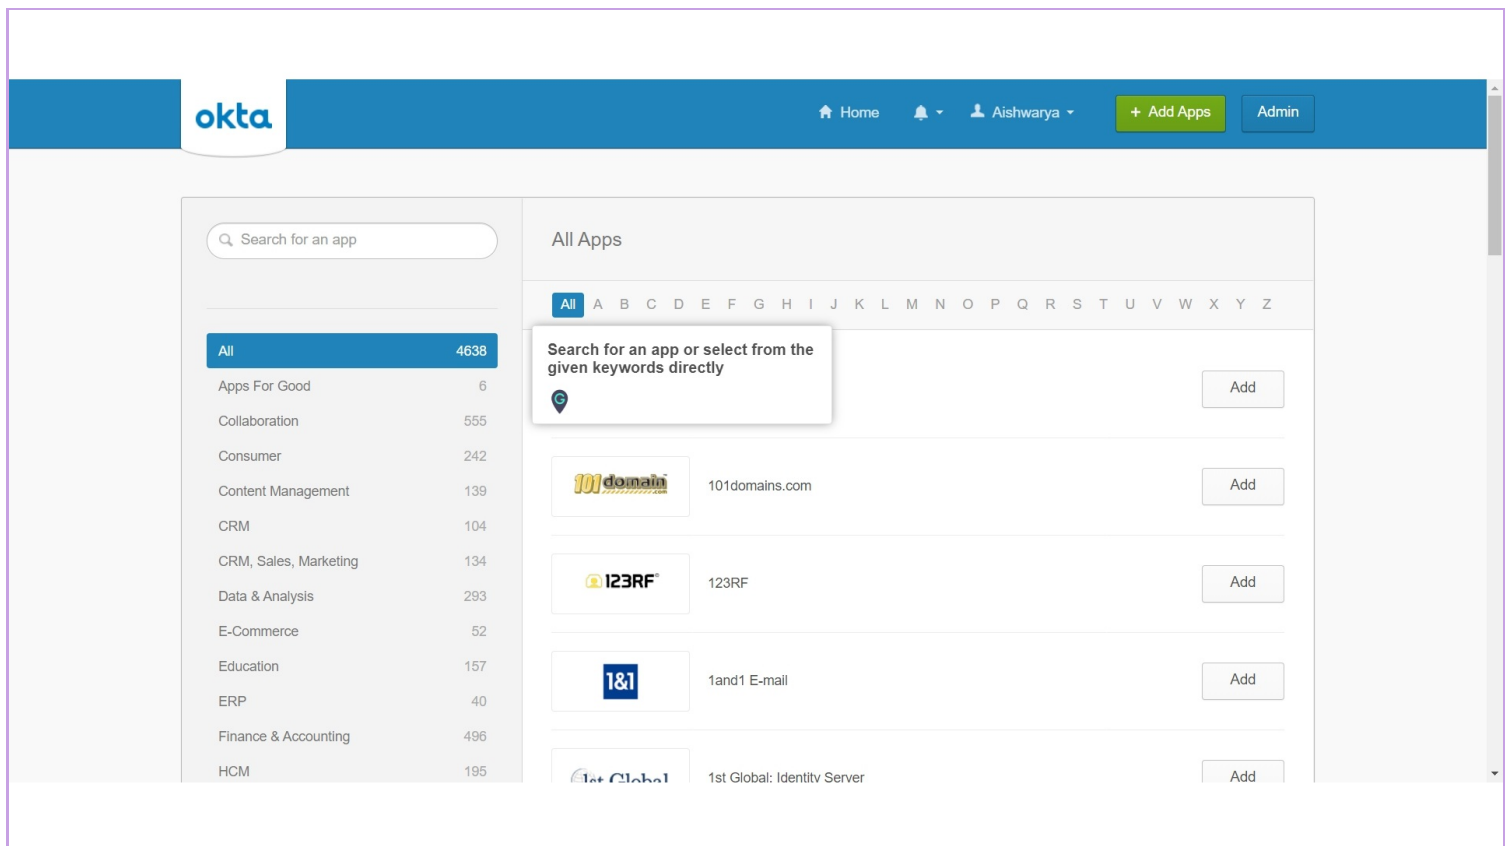

Step: 02

Click on "Add Apps"

Step: 03

Search for an app or select from the given keywords directly

The screenshot displays the Okta Admin console interface. At the top, the Okta logo is on the left, and navigation links for Home, Aishwarya, + Add Apps, and Admin are on the right. The main content area is divided into two sections. On the left is a sidebar with a search bar and a list of categories with their respective counts. On the right is the 'All Apps' section, which includes a search bar, a tooltip, and a list of applications with 'Add' buttons.

Category	Count
All	4638
Apps For Good	6
Collaboration	555
Consumer	242

101 domain	101domains.com	Add
123RF	123RF	Add
1&1	1and1 E-mail	Add
1st Global	1st Global: Identity Server	Add

Step: 04

Select any app from the available ones

The screenshot displays an application marketplace interface. On the left, a sidebar lists various categories with their respective counts. The 'All' category is selected, showing 4638 apps. The main area features a grid of app cards, each with a logo, name, and an 'Add' button. A callout box is positioned over the '1&1' app card, containing the text 'Select any app from the available ones' and a location pin icon.
